High Speed Data

Having access to emails, applications and web browsing is often essential for our business customers, so we've included unlimited² High Speed Downlink Package Access (HSDPA) data as standard on all our business plans while you're on our network. HSDPA is an advanced 3G technology which enables you to browse the web and download data at faster speeds than regular mobile internet, in some cases more than 20 times faster.

Additional Users

Share minutes and texts between employees for greater cost-efficiency. Choose from:

Smart		Standard	
£10 Per user Per month	To share calls, texts and unlimited high speed data	£5 Per user Per month	To share calls and texts

Discounts available: 10-24 additional users £7 per user, 25+ £5 per user

¹UK, CI and Isle of Man landlines and mobiles. Excludes premium rate and non-geographic numbers.

²Unlimited for main user and any smart additional users. 10Mb for standard additional users.

³5Mb data is the equivalent of approximately 500 text only emails, or around 20 text based web pages. Downloading images, music and video make data usage considerably higher.

BlackBerry® Plans

The following BlackBerry solutions can be added onto any of the price plans listed on page 2, giving you a complete package of calls, texts and BlackBerry data. Alternatively you can purchase them as a stand-alone service and pay for your calls and texts on a usage basis.

Service	Price	Data
BlackBerry International Roaming	£40 per month	If you're travelling abroad and need to take your BlackBerry with you, select the International roaming* option, giving you unlimited data and email when connected to the C&W network and 5MB data a month when connected to any of our roaming partners around the world.
BlackBerry Euro Roaming	£30 per month	Choose BlackBerry Euro Roaming if you plan to use your BlackBerry anywhere within Europe. Get unlimited data and email while connected to the C&W network, and 5MB data a month when travelling within Europe*.
BlackBerry BES	£25 per month	For companies with a BlackBerry Enterprise Server. Get unlimited data and email when connected the C&W network plus 5MB of data a month when travelling within the UK.
BlackBerry BIS	£10 per month	Perfect if you do not have a server and all you want is a great BlackBerry handset allowing you to use email and internet. The BlackBerry Internet Service (BIS) provides unlimited data and email when connected the C&W network.

*See www.surecw.com/roaming for a full list of roaming enabled destinations
