

NATIONAL AND CHANNEL ISLAND DIALLING

DIRECTORY ENQUIRIES

Cable & Wireless Guernsey offers its customers the full range of Directory Enquiry providers available in the UK. The most popular numbers are 118118, 118888, 118500, 118661 and 118163 for accessing Channel Island and UK numbers. Please note that all these services are provided by third parties and Cable & Wireless Guernsey are only responsible for the Bailiwick content on 118163. An up to date list of Directory Enquiry providers (each has its own rates and way of charging) can be found on www.118tracker.com.

WHAT IT COSTS TO DIAL FROM A FIXED LINE PHONE

The charges depend on the duration of the call, where you are calling and when you are calling. Call charges can be found on the Cable & Wireless website www.surecw.com alternatively call 700700 for further information.

HOW TO MAKE A NATIONAL CALL TO THE UK OR JERSEY

Dial the national code, followed by the customer's number.
All the national codes are listed in this pink section.

HINTS ON DIALLING

Write down the full number, including the dialling code, before you dial.

Dial the number carefully, without long pauses between digits.

After dialling, be prepared to wait for up to a minute before you are connected and hear a tone.
If you hear nothing after this time, make the call again.

If the number you want is engaged, wait a few minutes before dialling again.
If the extension number you want is engaged, it is usually cheaper to clear down and try again.

It only costs a few pence to make a call to find out if the person you want is available,
or to arrange for them to call you back. This is cheaper than a reverse charge call.

If you hear a recorded announcement that lines are engaged, replace your receiver and try again later.

CONTACT SUPPORT

If you have difficulty making a call, or want to make a facility call, contact the contact support staff on 100.
